

Kerman
CARE CENTER
Hope. Help. Healing.

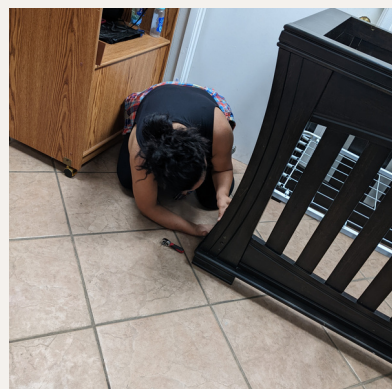

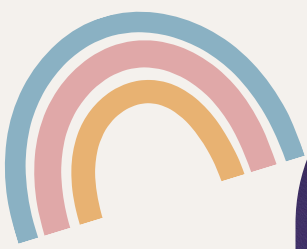

We've been busy!

THANK YOU!

Kerman Care Center has the BEST volunteers! In the past few weeks we have had helping hands unloading hundreds of diapers, sorting baby clothes, cleaning, putting cribs together and more. We couldn't server our community so well without their help!

Welcoming the new arrivals

The miracle of life is so precious. Each of these sweet babies are a gift from God. He knows every breathe they will take and holds them close to His heart. Our mission is to love and support their families as best we can! Our prayer daily is to be the hands and feet of Jesus.

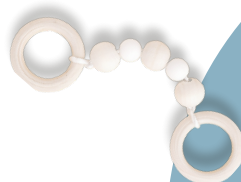

OH BABY!

The nature of Kerman Care Center is hope, help and healing. Each time a client comes through our doors we want them to walk away feeling encouraged. One such client shared her story with our Client Services Coordinator, Sandra recently. Their family has been struggling financially, so much so that buying diapers was almost impossible. The client said several times how much of a help KCC has been for their family. We are not just giving out diapers but packages of love and hope!

**THE DIAPERS
HAVE BEEN A
HUGE HELP IN
OUR FAMILY!**
KCC CLIENT

Greetings from the KCC Board

The Kerman Care Center has a significant role to serve in our communities by encouraging life, assisting young moms and strengthening families. All this at no cost to our clients who walk in through our doors seeking much needed guidance and assistance. KCC has the privilege to serve and care for women who are pregnant. The Center provides faith-based family counseling and pregnancy testing, care for mom and baby during and after pregnancy, assistance with baby needs such as car seats and diapers, and classes on nutrition. There are classes on life skills and navigating relationships. Further, the Center assists these young moms and dads with referrals for continued education, health insurance and financial support as needed.

With God's help, the center has met its financial needs for close to fifteen years. Concerned and gracious citizens like yourself have seen the temporal and eternal importance of maintaining the Kerman Care Center. However, in this current season, the Center is struggling with the necessary funds due to limited donations and fewer monthly supporters. Please consider a generous donation and/or becoming a monthly donor. Life is indeed precious and worth the sacrifice. You may donate securely in the following ways below. If you have any questions, please contact Amy Arabian at (559)800-0958.

One further important note- the board has prayerfully recommitted ourselves to the vital vision of saving the unborn and will endeavor in all ways to make this shine through at the Kerman Care Center. Please pray about helping this very vital ministry. We want to continue to serve our clients that come from West Fresno to the Westside and all points in-between.

Thank you for your heartfelt consideration,
Garrick Stuhr Carol Bitter Tim McDonald Carol Winchester

Baby Boutique

The Baby Boutique at KCC is bursting with beauty! We are open to the public as well as to our clients. Come check us out to see what you just can't live without! We are the perfect stop for a baby shower gift, we'll even gift wrap it for free. Amazing deals on brand new items, clothes, cribs, shoes and more!

TOO CUTE!

The Baby Boutique at KCC is bursting with beauty! One client recently took time to text that "KCC has been a blessing to her family. The classes are educational and the personnel are lovely. Everything in the boutique is good quality and has blessed her baby. She gives God thanks for the Center."

Open Tuesdays, Thursdays and Fridays

10am to 5pm
